Invite nature inside by decorating the home with an ever-changing seasonal array of interior design accents--flowers, buds, fronds, seed heads, fruits, and other natural materials--gathered and repurposed from the garden, farm stand, fields, woods, and nature trails. Author Marie Masureel is an interior stylist and photographer whose passion is varying home decor with repurposed elements and found objects from nature, season by season. For autumn, she gathers fallen leaves, seasonal berries, and rose hips for flower arrangements and wreaths. To welcome spring, she turns to a garland made of newly formed fern fronds, while in summer, wildflowers, shells, driftwood, and other materials create an effortless bohemian beach look. Winter is embraced with the concept of hygge, using a neutral palette and candlelight for a feeling of coziness. The book features illustrations that focus on only one house in order to demonstrate in practice how simple techniques and natural materials can

### Habitat

An elevated yet accessible follow-up to Lauren Liess's *Habitat*, showcasing her signature easy-living lifestyle *Down to Earth* picks up right where Lauren Liess's critically acclaimed *Habitat* left off. With evocative photos and substantive design advice, *Down to Earth* focuses on creating a lifestyle that inspires creativity and functionality. Throughout the book, Liess shows readers how to incorporate six guiding principles in six unique homes: a new farmhouse, a classic American historical home, a lakeside contemporary house, a modern villa, a turn-of-the-century American Foursquare, and a cedar and glass house on a bluff. While each home has a different architectural style, fingerprints of Liess's down-to-earth style are evident throughout.

Wabi-sabi and new creative interior design expressions: *Perfect Imperfect* is a stunning collection of homes and studios of creatives from all over the world, with thought-provoking text by Karen McCartney and stunning visuals by Sharyn Cairns and Glen Proebstel. *Perfect Imperfect* takes as its founding principle the Japanese concept of wabi-sabi. Wabi-Sabi advocates the beauty to be found in imperfection, impermanence and the authentic. Importantly this is done without losing sight of the benefits of living in the 21st century; where designers are merging digital technology with the handmade, rethinking how to use space and accommodating the natural world. Creating a

new interior design vocabulary: As the collaborative process for creating Perfect Imperfect involved working across continents, the authors created a list of words and phrases that define how to curate the work they include in their stunning book. Their new interior design and interior decorating vocabulary includes terms such as mutability, irregularity, unfinished and incomplete, void, the effects of accident, unpretentious, simplicity, contrasts, and Leonard Koren's idea that 'beauty can be coaxed out of ugliness'. The new words and phrases introduced by the authors define the book's visual sections: • Spirit of Nature • Strange Beauty • Mark of Hand • Deep Shadow • Weathering & Decay • And, Incomplete and Irregular A beautiful, inspirational decorative book: Perfect Imperfect is a celebration of accident, curation, collection, hesitation, collaboration, reuse, reimagining and true originality. From the revered Australian skincare company Aesop, a debut volume presenting its rigorous passion for creating superlative products and their considered approach to design. Since the founding of Aesop in 1987, its stores, products, and culture have been the expression of a complex, holistic set of carefully considered codes and principles. For the very first time within a book, the enigmatic brand documents the singular vision from which it was borne and the company customs that have allowed it to flourish. The volume includes recollections of the early formative days of Dennis Paphitis's hair salon and the first Melbourne store, tracing how and when Aesop's distinct approach to retail hospitality and its meticulous formulations were conceived. It ranges from the cohesion of the brand through to early packaging, iconography, and campaigns, without neglecting the more imperceptible codes that serve to unite all its stores and entice customers into them in over twenty regions around the world. What emerges is how Aesop's identity is a compound of its history and its singularity. The book also evokes the company's many inspirations: its fascination with the written word, the architects who have added their singular perspectives, and the partners and collaborators who have helped make

Aesop so much more than simply a skincare company. Composed with photographs by the celebrated Japanese photographer Yutaka Yamamoto, this luxurious volume--an aesthetic handbook of sorts--argues the wisdom and intelligence of doing things well, doing them differently, and doing them for the long term.

### House Beautiful Style Secrets

The yearning for a life of pared-down purity has built to a roar, and Serena Mitnik-Miller and Mason St. Peter—the husband-and-wife owners of General Store, one of California’s most talked-about shops—are at the forefront. In *Abode: Thoughtful Living with Less*, these tastemakers make a graceful case for living better no matter your budget or abilities, guiding you to create a space this is simple and true. Their time-tested methods create interiors that maximize openness, strip a building back to its bones, and amplify natural light, evoking unpretentious tranquility. The blueprint for their signature aesthetic is all here: the embrace of elemental materials, curation of handcrafted objects, and collection of furnishings from eras when craftsmanship was king. This edit of Mitnik-Miller and St. Peter’s greatest collaborations will take you through their breathtaking rooms, masterpieces of warm minimalism. *Abode* is a glimpse into the couple’s process and a guide to manifesting your own beautiful interiors.

### Living With Nature

One of the most popular interior design trends, minimalism highlights the essence of a room, stressing clean lines, clutter-free spaces, and a limited color palette. In *150 Best Minimalist House Ideas*, photographs and floor plans of minimalist homes around the world are featured. The images are of stunning bedrooms, living rooms, dining rooms, kitchens, and bathrooms; and insightful text complements them to reveal the methods used to make the minimalist rooms so eye-catching and desirable. The text includes a wealth of both big-picture and more focused ideas. It covers subjects such as walls (if and when to use them), doors, and partitions; flooring, lighting, furniture, and staircases; and explores color, patterns, materials, and texture. The houses featured in this extraordinary volume were developed by distinguished international designers at the forefront of the minimalist movement. The result is a guide that offers both inspiration and practical, easy-to follow advice for creating maximum beauty using minimal elements.

Decorating, her first book, Lauren invites readers to bring nature inside by mixing the textures of natural elements such as wood and stone with eclectic groupings of modern and quirky vintage pieces. Readers will be inspired by the unique style of these rooms, which include lovely framed botanical prints and Liess's own textile patterns inspired by wildflowers and weeds. The book is divided into three sections: Part I focuses on the fundamental elements of design, with each chapter devoted to a particular element, such as color, lighting, and furniture; Part II addresses the intangibles of designing a space, such as aesthetics and creating a mood; and Part III tackles unique room-specific challenges in every part of the house.
