Boys Love Manga and Beyond

There's this boy. Let's say he's somewhere between nine and thirteen years old or so. You'd like to see this kid get creative. You'd like to see him get some exercise. You'd like to see him get out from in front of the television. And you'd love for him to be motivated enough to find some stuff to do on his own. This boy NEEDS The Big Book of Boy Stuff! What do I do if I get a bean stuck up my nose? How can I

make lightning without killing myself? Where can I find new practical jokes to play on my friends and family? How can I make a rocket? What is the best way to poop outside? How do I tell a girl I like her? Why would I tell a girl I like her? How many mosquitoes does it take to suck all the blood out of a person? What's that smell? . . . and many, many more! This big, thick, durable book includes fascinating chapters on gross stuff, magic, emergencies, fireworks, games, experiments, jokes, activities, insults, pets, flying things, and, of course, duct tape. No boyhood is complete without a copy!

First 50 Pop Ballads You Should Play on the Piano

The first major study of the Dromornithids, the extinct gigantic "geese" of Australia

First 50 Movie Songs You Should Play on the Piano

This book tells the story of the renaissance of the Kurna language, the language of Adelaide and the Adelaide Plains in South Australia, principally over the earliest period up until 2000, but with a summary and brief discussion of developments from 2000 until 2016. It chronicles and analyses the efforts of the Nunga community, and interested others, to reclaim and relearn a linguistic heritage on the basis of mid-nineteenth-century materials. This study is breaking new ground. In the Kurna case, very little knowledge of the language remained within the Aboriginal community. Yet the Kurna language has become an important marker of identity and a means by which Kurna people can further the struggle for recognition, reconciliation and liberation. This work challenges widely held beliefs as to what is possible in language revival and questions notions about the very nature of language and its development.

Fabulous Creatures from the Desert Sands

Boys Love Manga and Beyond looks at a range of literary, artistic and other cultural products that celebrate the beauty of adolescent boys and young men. In Japan, depiction of the "beautiful boy" has long been a romantic and sexualized trope for both sexes and commands a high degree of cultural visibility today across a range of genres from pop music to animation. In recent decades, "Boys Love" (or simply BL) has emerged as a mainstream genre in manga, anime, and games for girls and young women. This genre was first developed in Japan in the early 1970s by a group of female artists who went on to establish themselves as major figures in Japan's manga industry. By the late 1970s many amateur women fans were getting involved in the BL phenomenon by creating and self-publishing homoerotic parodies of established male manga characters and popular media figures. The popularity of these fan-made products, sold and circulated at huge conventions, has led to an increase in the number of commercial titles available. Today, a wide range of products produced both by professionals and amateurs are brought together under the general rubric of "boys love," and are rapidly gaining an audience throughout Asia and globally. This collection provides the first comprehensive overview in English of the BL phenomenon in Japan, its history and various subgenres and introduces translations of some key Japanese scholarship not otherwise available. Some chapters detail the historical and cultural contexts that helped BL emerge as a significant part of girls' culture in Japan. Others offer important case studies of BL production, consumption, and circulation and explain why BL has become a controversial topic in contemporary Japan.
