An intimate celebration of British country life with all the hallmarks of how design and dogs are as intertwined as roses and Wellingtons. This dreamy look into some of the most beautiful country homes and gardens in England, lived in by many of Britain's brightest design stars and their dogs, is brimming with inspirations. At Home in the English Countryside showcases a mix of glamorously bohemian and casually aristocratic country homes captured in original photography and lively text. Presented are the striking and chic houses of several of Great Britain's top international designers, from Paolo Moschino and Kit Kemp to Anouska Hempel and Veere Grenney. Beloved canines of several sizes and breeds, among them whippets, Labrador Retrievers, lurchers, Cavalier King Charles spaniels, and Jack Russell terriers, are shown in their picturesque homes and gardens of fragrant flowers. The designers offer ideas on how to live stylishly with their dogs. Seen are dog collars (one of custom leather and green malachite), dog bowls of antique Spode porcelain, and chic and comfy napping spots. Anglophiles will be inspired by the lives of these designers, who are devoted to their canine companions.

This volume of 22 essays spans a wide trajectory, foregrounding the texts of Tagore and Tagore as text. The Tagorean spirit that makes the bard so relevant in the 21st century forms the basis of this compilation. Tagore's travels to various parts of the world, his reception and response to diverse cultures, his scepticism about the rigid parameters of nationalism all establish the perception that

Tagore was remarkably at home in the world. Tagore's concern was with life, play and contingency-with the momentary as well as the eternal. It is this strain of unacknowledged modernism and life-affirming vision that make his work powerful. A believer in freedom of the individual, creative freedom and freedom of all, his words are as pertinent in today's context as they were in his time. This volume analyses how the constrictions of the specificities of place, location and geographies have always been interrogated by Tagore for whom space was a defining trope. With contributions from some leading Tagore experts both from India and abroad, this volume enables us to re-read Tagore as a messenger of world harmony and peace.

Narrative and Critical History of America: The English and French in North America, 1689-1763

Diary of Richard Cocks, Cape-merchant in the English Factory in Japan, 1615-1622

Sir Roy Strong and his wife, the designer Julia Trevelyan Oman, have lived in the country for nearly thirty years. In 1987 he was asked to write an occasional column reflecting this quintessentially English way of life for the prestigious magazine *A Country Life*. This charming book brings these popular pieces together, portraying the passing of the seasons in what the author describes as his 'beloved adopted county' of Herefordshire. *A Country Life* is a wide-ranging kaleidoscope of memories and observations, embracing the countryside, gardens, cooking, and remembrances of things both long gone and only yesterday. The author writes lyrically of the arrival of the bright green tarragon shoots in spring; of the delights of eating al fresco; of making sorbets from blackberry and quince; of the russet beech

hedges in winter and the sweet nostalgia that comes from unpacking Christmas decorations. The keynote of *A Country Life* is delight--a portrait of life in the English countryside, which seems as old as time itself.
