BIG. Formgiving. An Architectural Future History | ArchDaily

Formgiving. An Architectural Future History, the new book by BIG (Bjarke Ingels Group), and the latest installment in its TASCHEN trilogy, is a visionary attempt to look at the horizon of time, from the Big Bang into the most distant future. The volume addresses six evolutionary trajectories, and the development of artificial intelligence,

BIG gives form to the future with its latest book release

An Architectural Future History, takes readers on a chronological journey across time and space through a collection of exclusive essays, a selection of BIG projects from the last decade, planetary proposals, and a glimpse of Masterplanet as the book addresses developments in sustainability, communication and architecture to give form to the future world we wish to inhabit.

Formgiving BIG Architects Book - e-architect

With Formgiving, BIG presents the third part of its TASCHEN trilogy, which began with Yes is More, one of the most successful architectural books of its generation, and continued with Hot to Cold. An Odyssey of Architectural Adaptation. The book is presented in a timeline, stretching from the Big Bang into the most distant future. Projects are structured around six strands of evolution
