creation. No more lack of faith, motivation, and feelings of doubt in your life. No person can find happiness in an environment beyond his or her control. But you can get up, get out, and take control with God. Get what you want and desire from the world like millions of others around the globe using prayer. You are already blessed with the power to assert your own perceptions and transform your thoughts and desires into reality. By using prayer daily, you will unlock that natural potential that God placed inside of you. Prayer starts by creating a cycle of continuous prayers. You must believe and repeat these declarations and prayers each day. This presence of dynamic tension causes imbalance between your psyche and perceived reality. Your consciousness will work to get back in tune with the God's vision of the universe to resolve the tension. There are two simple ways to ease this tension. You must work with God's creation in order to make your declarations become true, or you must stop the prayer. Sooner than later, you will find yourself taking positive and decisive action that you never imagined possible as your perceptions naturally align with your true reality.
