[PDF] [EPUB] Cricut 4 Books in 1: Cricut For Beginners

This 4 book series includes a guide for beginners, cricut maker guide, design space and project ides. I like how these books are set up. They are easy to read and seem to answer the questions of what is cricut, how do I start, what is the best machine, how do I use the machine, what materials are needed, etc. I enjoy reading the books that provide pictures and projects.
