As a serial entrepreneur, Kevin Kruse has seen time and again that the leadership practices that actually work are the opposite of what is commonly taught and implemented. *Close Your Open Door Policy* shows how a contrarian approach can be a better, faster, and easier way to succeed as a leader. Chapter by chapter, Kruse focuses on a piece of popular wisdom, then shows with real-world case studies and quantitative research that the opposite approach will lead to better results, encouraging leaders to play favorites, stay out of meetings, and, of course, close their open doors.

step course is designed for elementary school-aged children (ages 5-11) and quickly teaches the student to play songs they will know and love. These lessons start by playing with just the right hand and gradually build to adding the left hand thumb and learning how to play with both hands. Song arrangements were carefully selected to provide an easy transition from learning the basics to covering more interesting rhythms, techniques, and musical ideas. The book features standard music notation for each song and exercise along with fingering notation and hand shifts to make the course easier to learn. This method includes online access to over an hour of video instruction that will help the child play with proper form and timing. The video shows the piano, both hands, and the sheet music on-screen at the same time. The audio tracks allow the student to practice and play along with easy songs at two speeds. The slower speed features just the piano playing the song. The faster version includes vocals and other instruments in a performance-like setting. The combination of book, video, and audio make this the easiest to understand piano course for kids available. Songlist: Mary Had a Little Lamb, Ode to Joy, Hot Cross Buns, Jingle Bells, Oh When the Saints, Twinkle Twinkle Little Star, Rain Rain Go Away, This Old Man, Hush Little Baby, I Have a Little Dreidel, Frere Jacques, Alouette, Yankee Doodle- Watch & Learn, Inc.

You may be familiar with Adams's iconic black-and-white nature photographs. But do you know about the artist who created these images? As a child, Ansel Adams just couldn't sit still. He felt trapped indoors and never walked anywhere--he ran. Even when he sat, his feet danced (today, he would have likely been diagnosed with ADHD). But in nature, Ansel felt right at home. He quickly fell in love with the gusting gales of the Golden Gate headlands, the quiet whisper of Lobos Creek, the icy white of Yosemite Valley, and countless other remarkable natural sights. From his early days in San Francisco to the height of his glory nationwide, this book chronicles a restless boy's path to becoming an iconic nature photographer. A Christy Ottaviano Book
