### Creating a Hummingbird Garden

A Hummingbird Cat 's Tale follows April as she discovers a fantastic new animal, the hummingbird cat, and finds a way to protect it from extinction in Canada. April learns about this beautiful creature, a combination between a fast-flitting hummingbird and a cute purry kitten, when she is on vacation with her family on a tropical island. To her surprise, the magical hummingbird cats migrate to Canada in the summer and take

### Hummingbird Neighbors

In this, James George's extraordinary second novel, three people, strangers all, are thrown together in a world of sand and ocean and sky on Northland's Ninety Mile Beach. Jordan - a tattooed man who lives alone at the base of his ancestral hill in a boat that was never launched - has his solitude broken by the arrival of two travellers: one who falls from the air, another who arrives following childhood tracks. Kingi, a distinguished Battle of Britain veteran, is journeying to keep a promise made on Crete half a century ago. Kataraina, a former prostitute, has left Sydney's Kings Cross and is finally travelling home. But their journeys and their lives change forever with the arrival of a young woman and her daughter a This novel sets global conflict against a sensuous search for love. The action sweeps across fifty years, and ranges around the globe from New Zealand to northern Europe and the Mediterranean. Hummingbird is a bittersweet exploration of freedom and confinement, parenthood and family, home and belonging.

### Children of the Hummingbird

Located in the fictional town of Highgate, Mississippi at the turn of the previous century, Hummingbird Inn embodies the southern charm found in the whisper of pearls against silk and the scent of hyacinth mingling with the aroma of freshly baked bread on a cool spring day. Maggie Lace Summerhill, general manager of the family owned Hummingbird Inn, is desperately smitten with Kendrick Charles, a local attorney so incredibly handsome that young girls almost swoon in his presence. He is unfortunately just on the verge of falling under the emerald-eyed spell of Priscilla Hood's exotic beauty. What's a girl to do? Cute but not beautiful, Maggie Lace somehow finds a way to snatch Kendrick right out from under Prissy's nose. But the discovery of a murder victim near Hummingbird Inn soon changes everything. When a kiss is stolen at a local dance by police detective Gray Stone, Maggie finds herself questioning everything she thought she wanted. Equally smitten with the Inn's general manager, Detective Stone finds himself in an uncomfortable position. Rumor has it that Maggie once dated the murdered man, and that she made extensive renovations to Hummingbird Inn shortly after the victim, and fifty thousand dollars, went missing. And her explanation for the source of her recent windfall turns out to be a lie. What secrets is Maggie keeping? And will the detective be able to determine the truth in time to protect her from the shadow that is prowling the halls of Hummingbird Inn?

Simultaneous.

### Hummingbird Gardens

Book Summary The story begins with the main character attending a 50 Year Class Reunion and then flashes back to her four years in high school. At that time she lived in a small southern California town where everyone knew everyone else, and there wasn't much for teenagers to do, and yet they manage to keep busy

## Download Ebook Hummingbird

somehow. Life at that time (before the electronic age) went at a much slower pace, and people who grew up in the 50's and 60's were part of the last innocent generation. The book describes Elaine's relationship with her family, her life on a poultry ranch, and the closeness of a small community. It also describes many high school activities, classes, boy-girl relationships, and problems and heartaches, the euphoria and the sadness that are a part of life at that age. The story is based on an actual town and high school, and many incidents in the book actually happened the way that I described them. I did change the names of the town and the high school however. Back in those days it was much easier to work on your own car, the old hot rods and jalopies. Gas was thirty one cents a gallon, and one could buy a hamburger and Coke for less than fifty cents. But the monthly income for the average working family was only about \$300, so the budget had to be stretched to make ends meet. A few women worked outside the home, but most did not. Many of the television sets were black and white, but color TV was on its way in. There was no reality TV at that time, but there were plenty of Westerns and family programming. Of course music played a huge part in the lives of young people, and it was the era of Rock and Roll. Elvis, Buddy Holly, and the Everly Brothers were household names. Dick Clark's American Bandstand was on TV in the afternoons, and everyone rushed home from school to watch the latest dances. There were only records at the time, 45's and 78's, which were played on phonographs. It would be years before cassettes, CD's, and iPods were invented. The music was portable though because everyone was getting transistor radios. If a group of kids got together at a lake or somewhere out in the middle of nowhere, they would just tune their car radios to the same station and turn up the volume. I have tried throughout the book to portray life back in those days, with many details depicting the culture and fads of that time. I am hoping that this book will give today's teenagers a different perspective on life at that time, while giving my own generation a chance to walk down Memory Lane.

The Hummingbird Theory is a journey into the heart of the Cumberland Mountains in a region of Virginia known to the world as Appalachia. The enormous natural beauty of the Cumberlands is woven into each venue throughout The Hummingbird Theory; however, it is the colorful cast of characters that give glimpses into the cultural diversity of this unique region. The characters bring to life the close-knit mountain communities that share pride in their heritage, and they provide a look into the fascinating history of an area that once thrived because of rich deposits of coal. The Hummingbird Theory is much more than a story of life in a small mountain town, it is a story about the choices we make in life and the paths those choices set us on. It explores the spiritual nature of our human experience and the spiritual energy that defines who we are. As the story weaves its way through the small mountain community of Crayton ' s Crossing, there are mysteries to be solved and messages to be gleaned from the lives of the unlikely band of homegrown characters. One such message is for those living life according to The Hummingbird Theory.

### The Ruby-throated Hummingbird

### The Excavation of Hummingbird Shelter

Sixteen-year-old Dylan has never met her father. She knows that her parents were just teenagers themselves when she was born, but her mother doesn't like to talk about the past, and her father, Mark, has never responded to Dylan's attempts to contact him. As far as Dylan is concerned, her family is made up of her mother, Amanda; her recently adopted younger sister, Karma; and maybe even her best friend, Toni. And then, out of the blue, a phone call: Mark will be in town for a few days and he wants to meet her. Amanda is clearly upset, but Dylan can't help being excited at the possibility of finally getting to know her father. But when she finds out why he has come—and what he wants from her—the answers fill her with still more questions. What makes someone family? And why has her mother been lying to her all these years?

### The Hummingbird Cat's Tale

W. Agbor Baiyee's first book of poetry, *Hummingbird*, takes you on an introspective journey of your body and senses. His poems demand attention to your soul and surroundings by asking questions of your eyes, your ears, your tongue, your skin, and your inner-most being. Through straight-forward prose and methodic rhythm, learn and heal with this thoughtful collection of poems by a man who has found his unique and powerful voice and who is ready to share.

### Stand Still Like the Hummingbird

### Cute Hummingbird Feeding Offspring

There is no mistaking a hummingbird. Even people who hardly know a robin from a sparrow recognize that flash of iridescent feathers and the distinctive hovering flight. So popular have "hummers" become that even casual birdwatchers now travel great distances to hummingbird hot spots to see masses of birds in their annual migrations. In this invitingly written book, June Osborne paints a fully detailed portrait of perhaps the best-known hummingbird in the United States, the ruby-throat. Drawing from her own birdwatching experiences, she offers an "up close and personal" look at a female ruby-throat building her nest and rearing young, as well as an account of a day in the life of a male ruby-throat and stories of the hummers' migrations between their summer breeding grounds in the United States and Canada and their winter homes in Mexico and Central America. In addition to this life history, Osborne recounts early hummingbird sightings and tells how the bird received its common and scientific names. After an overview of hummingbirds' distinctive ways of feeding, flying, and conserving energy, she offers a detailed description of the ruby-throat that will help you tell females from males, immature birds from adults, and ruby-throats from similar species. Osborne also takes you on a visit to the "Hummer/Bird Celebration!" at Rockport, reviews hummingbird banding programs, and explains how to attract hummingbirds to your yard or apartment balcony.

### A Hummingbird for the L2 Lunar Libration Point

Hummingbird tries new methods to grow huge fruits and vegetables and faces a bully with other plans for the garden, while Coyote plays tricks to teach her about the history and wisdom of traditional foods.

Sixty-ish Angela Dunn, the indomitable heroine of EGRET COVE, proved that life-and love-can begin again at any age. Moving to Florida was supposed to have been a temporary solution while snowbird Angela figured out what to do with the next phase of her life. She's already in her sixties. She didn't intend to get involved with anyone romantically. And getting married? That was the last thing on her mind. She hadn't wanted to take a chance on handsome, charming Gilberto, but, somehow, it happened. So now . . . she's dealing with the challenges of a new life, a new husband and yet another new home, in Hummingbird Ridge, West Virginia. There are more troubles with her hard-drinking brother, Tony; Gilberto's mysterious visits to Angela's friend, Gelah, and a health scare that threatens to destroy Angela's dreams. Follow Angela once again on a journey toward faith, hope, joy and wisdom. Margaret Nava is a travel writer and novelist who lived in West Virginia for many years. Now based in New Mexico, she's hard at work on her next Angela Dunn novel, MARIPOSA LANDING. Visit her at [www.angeladunn.homestead.com](http://www.angeladunn.homestead.com).

appearance on PBS NewsHour, a note Keats once left on Wordsworth's mantelpiece, a splinter in the heel, and a quote from the Upanishads—all make their way into Barks's most recent poems, which achieve intimacy and expansiveness at the same time.

### Smithsonian Contributions to Knowledge

Hummingbirds are birds native to the Americas that constitute the family Trochilidae. They are among the smallest of birds, most species measuring 7.5-13 cm (3-5 in) in length. Indeed, the smallest extant bird species is a hummingbird, the 5 cm (2.0 in) bee hummingbird weighing less than 2.0 g (0.07 oz).

### Hummingbird

Describes in simple text, the hummingbird, the smallest bird in the world.

### A Hummingbird 's Tale

Despite severe diabetes, Russell Ogg was a successful photographer who traveled worldwide with his wife, journalist Norma Lee Browning. He's always been able to cope with anything, but when diabetes began to rob him of his sight, "it was like a violinist losing his fingers." When Norma Lee saw him sitting day after day on the patio of their home in Palm Springs, slumped in despair, his sightless eyes fixed on nothing, she too became depressed. But a miracle was about to happen. Then suddenly a red hummingbird appeared that

## Download Ebook Hummingbird

changed their lives. Norma Lee frankly describes her doubts and the errors she made in identifying the birds her husband tried to photograph. She also concludes, from her close observation of the hummers, that "the experts" are wrong on many counts. But the miracle that provides the heart-warming conclusion to this unusual story involves Russell Ogg's eyesight. His sight improved. His eye doctor said he saw better than it was possible for him to see. "There is no way to explain medically how he does it his photographs tell us something about the magnificence of man." His inspiring story is a testament to human courage and hope.
