Bing: Modern Architecture A Critical History

The history of architecture is about as long as the history of humanity itself, and probably just as complex. The exact origin of architecture could be said to date to the Neolithic period, around 10 000 BC, or simply when people stopped living in caves and started handling the way they want their houses to look and feel like.

Modern Architecture: A Critical History (World of Art

Starting with the cultural developments since 1750 that drove the modern movement, moving through the creation of modern architecture, and exploring the effects of globalization and the phenomenon of international celebrity architects, this book is the definitive history of modern architecture.

History, "Place, Production and Architecture: Towards a Critical Theory of Building," with additional essays that were not included in his original history but no doubt influenced it.

Modern Architecture: A Critical History - Kenneth Frampton

Modern Architecture History Critical Essay. The Arts & Crafts Movement began as a process of searching for aesthetic decoration and design and it was a premise for opposing the art styles that were created by machine-production. The movement associated art with craftsmanship and it emphasized that artwork should be done by individual persons and not by industrial processes such as the use of

Modern Architecture History Critical Essay - Free Paper Sample

The book is much more than a chronology of architecture. What makes it special is its tissue as a number of overlapping essays setting modern architecture in its historical, political and ideological context from a critical distance. The packaging in relative short chapters helps the reader to follow a complex and lively narrative.
