The Mom Test

Building up your strategic network is a key component of getting ahead in business. It's not enough to have the skills. You must network with others who can help you get ahead. Juliette C. Mayers, president and CEO of Inspiration Zone LLC, gives you practical advice on how to build your personal

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

brand and strategic networking plan in her new book *The Guide to Strategic Networking: Dream. Plan. Create. Achieve.* Mayers expands upon the principles shared in her first book to include help on how to develop an action plan. Here, she offers a mix of advice and encouragement in order to inspire you to make your dreams come true. Mayers uses examples of her own career, including how she became president of a firm specializing in multicultural consulting, brand management, and thought leadership. She also draws from her leadership experience at GE Capital, Bank of Boston, The Ad Club Foundation, and Blue Cross Blue Shield of MA. Also included are action-oriented "Making It Real" exercises to help you develop your own written strategic networking plan. Get in touch with those who can help you succeed at business and in your career—from using social media effectively to understanding the importance of attending networking events, Mayers lays out an easy roadmap for you to follow.

Expecting Better

Written by a senior industry expert with nearly 40 years of hands-on experience, *Cathodoluminescence and Photoluminescence: Theories and Practical Applications* presents a thorough review of advances, challenges, and recommendations for improving photoluminescent (PL) and cathodoluminescent (CL) phosphor display devices in terms of energy efficiency, image quality, color fidelity, operational lifetime, and production cost. This book traces the development of cathode ray tubes (CRTs), PL and CL phosphor screens, and fluorescent lamps (FL) into modern phosphor display devices. The author relates luminescence phenomena and color to chemical composition, excitation

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

mechanisms, energy conversion efficiencies, and bulk properties of phosphor particles. He also addresses image quality issues such as flickering, smearing, whitening, and contrast. Subsequent chapters focus on powder deposition techniques and the production of phosphor powders themselves. The text describes the necessary raw materials, flux materials, and growth conditions for producing ZnS powders. It provides a quantitative analysis on optimal processes and parameters for ensuring higher quality color and screen resolution. Offering a detailed guide for next-generation scientists and engineers in the field, Cathodoluminescence and Photoluminescence describes current technologies and promising developments for producing higher quality, energy-efficient, and long-lasting phosphor CR and flat CL screen displays.

Dear Sonali, Letters to the Daughter I Never Had

Buying a franchise may be the road to financial independence but only if you can find a great franchise that is a great 'fit' for you. In the past decade I've spoken with many people who say they no longer want to work for someone else. They're tired of the uncertainty that goes along with corporate jobs and of creating financial rewards for others. These are people who want to be in control of their future. Contrary to the thinking of some, being a successful franchise owner requires a lot more than just plopping down a pile of money and waiting for the profits to roll in. I know many franchise owners; some are extremely successful while others struggle. In most cases the difference between the two groups is not due to the skill or dedication of the owner, but his/her 'fit' with the franchise system. During my years as both an owner and broker of franchised businesses, I'm frequently asked how to

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

find a great 'fitting' franchise. Without realizing it I developed rules that help guide my clients to find that great 'fit'.

Half-lines and Repetitions in Virgil

As the judge starring on the hit nationally syndicated television show Divorce Court, Lynn Toler witnesses, en masse, the thematic mistakes made in American marriages. She herself has also been wed for 22 years and has seen both the highs and lows of matrimony in her own marriage as well as the marriages of those close to her. While the national divorce rate hovers around the 50% threshold, there is a lot of chatter that marriage as we know it is an outdated institution--that we are too selfish, too unwilling to make sacrifices, and too misguided by elevated expectations of happiness to make marriage work. While these points may hold some validity, a lot of this chatter is nothing new. So what's causing so many divorces and, perhaps even more importantly, what are we to do about it if we want marriage to survive? Drawing from both her professional career and personal life, Toler sees that the biggest impediment to marriage these days is that couples decide to take the plunge based almost entirely on the most irrational criteria: falling in love. Making Marriage Work doesn't suggest that love has nothing to do with marriage at all; rather, Toler says that love by itself is simply not enough to make marriages survive. This book is a logical and simple guide to reintroducing some of the practicality of marriage that has leaked out of it over the years. Marriage, Toler says, is a job, and it needs to be treated like one. However, the makeup and consistency of this job has changed so much over the past few decades that the old rules no longer apply. Making Marriage Work is an updated manual to help get the job of marriage done right in

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

this day and age. It suggests specific procedures that should be put in place to bridge the gap between head over heels and happily ever after. It explains how to phrase things in order to span the great hormonal divide men and women often fall into when trying to talk to one another. It also discusses the very new and real challenges to marriage created in a culture often overwhelmed by the emphasis on (and ability to attain) instant gratification. Replete with simple, no-nonsense rules, Divorce Court anecdotes, and stories about Judge Toler's own union, *Making Marriage Work* contains invaluable information couples can use today to secure their marital tomorrow.

Parenting Matters

Ditch Pressure for Freedom in Christ Any mom who has tried to create a godly home for her family knows it doesn't happen automatically. Through books, blogs, and Instagram accounts, culture asserts that good moms must follow certain standards and abide by certain rules if she want what's best for her children. She must do everything she can—and she must do it all just right. Following the suggested steps and recommended rules may seem best, but what if we're missing the point? This is something Maggie Combs came to realize while seeking to be a good mom to her three sons. Though the world around us may have critical expectations and rules for mothering, Christ instead calls moms to an intimate, abiding relationship with a triune God. In *Motherhood Without All the Rules*, Maggie identifies the main “rules” moms today often feel pressured to follow and counters them with gospel truth. You'll discover how the character of each member of the trinity practically impacts your role as a mom. Join Maggie in forgetting the rules, so

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

that instead of being a good mom, you grow to become a holy mom.

9 Rules for Business Prosperity in the New Economy

Discover how Dutch parents raise The Happiest Kids in the World! Calling all stressed-out parents: Relax! Imagine a place where young children play unsupervised, don't do homework, have few scheduled "activities" . . . and rank #1 worldwide in happiness and education. It's not a fantasy—it's the Netherlands! Rina Mae Acosta and Michele Hutchison—an American and a Brit, both married to Dutchmen and raising their kids in the Netherlands—report back on what makes Dutch kids so happy and well adjusted. Is it that dads take workdays off to help out? Chocolate sprinkles for breakfast? Bicycling everywhere? Whatever the secret, entire Dutch families reap the benefits, from babies (who sleep 15 hours a day) to parents (who enjoy a work-life balance most Americans only dream of). As Acosta and Hutchison borrow ever-more wisdom from their Dutch neighbors, this much becomes clear: Sometimes the best thing we can do as parents is . . . less!

My Garden (Book)

The It Girl Rules: Get Hired & Stay Hired

In this unique, profoundly inspirational memoir, Divorce Court star Judge Lynn Toler shares her mother's wisdom for learning to conquer anger and become immune to insult. Toler credits her mother's "rules" for life – a life that saw her

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

grow up the daughter of a poor teen mother and endure a husband who suffered mental illness and alcoholism – with providing the grounding for her own success and happiness. Toler shows how the mindset of “a black woman who knew how to make things work” taught her the power of knowing how to manage one’s emotional business—lessons that this book offers in wrenching stories written in spare and graceful prose. My Mother’s Rules is an unforgettable book that will captivate readers with its illustrations of how to rise above the most difficult circumstances and find peace and success in life.

The Art of Money Getting

"The Witches' Dream Book; and Fortune Teller" by A. H. Noe. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. What Every Autistic Girl Wishes Her Parents Knew

Dear Sonali, is a passion project from the TV's Divorce Court Host. Seeking to share her mother's wisdom with a daughter of her own, this mother of six boys has written letters for young women to help them grow, conquer and thrive. From money to men, to passion and profession Judge Lynn gives

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

her best advice From he particular point of view. At once, practical, methodical and motivational, Judge Lynn shares the best she has with all of the women that call her The Auntie in Their Head or Mom2.

A Bit of Skulduggery and Other Barmy Ballads from Ireland

Kangaroo mother care is a method of care of preterm infants which involves infants being carried, usually by the mother, with skin-to-skin contact. This guide is intended for health professionals responsible for the care of low-birth-weight and preterm infants. Designed to be adapted to local conditions, it provides guidance on how to organize services at the referral level and on what is needed to provide effective kangaroo mother care.

Social Mastery Made Simple

The Mom Test is a quick, practical guide that will save you time, money, and heartbreak. They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Small Business Rules

Small business owners and managers face increasing challenges in a difficult economic climate. One way to deal with daily struggles is to gain awareness of the obstacles and pitfalls and know how to overcome them. Mathew Dickerson, one of Australia's leading IT entrepreneurs, makes this possible with his exciting and instructive book, *Small Business Rules: The 52 Essential Rules to Be Successful in Small Business*. In a logical and very readable format, Dickerson describes fifty-two rules that, if followed, help a small business to succeed. Dickerson covers it all: setting high standards, turning perceived failures into positive learning experiences, being clear about commitment and purpose to evaluating attitudes toward the workplace. He also delves into interfacing with clients, and co-workers, identifying the strengths of one's staff and using them to the fullest. Every aspect pertinent to running and growing a small business is covered in this exceptional book.

Motherhood Without All the Rules

ROBERT'S RULES OF ORDER Robert's Rules of Order are a powerful set of rules for conducting and running meetings, that were first established over a century ago! The Ten Basic Principles of Good Parenting

How to bring peace to your home. Create your own Mother's Rule of Life, a pattern for living that combines the spiritual wisdom of the monastery with the practical wisdom of motherhood. With the help of your own rule, you can get control of your own household, grow closer to God, come to love your husband more, and raise up good Christian children.

School, Family, and Community Partnerships

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

Want to be the next Buffett? Learning and understanding his rules to success is a good place to start. This book will reveal some of the most important rules that Warren Buffett abide to. All of which helped him achieved his tremendous success and attain his current status and popularity.

My Mother's Rules

Sebastian Boa defies all the rules. There isn't a woman who doesn't want the notoriety of being in his bed. When he crosses paths with Mariss Red at one of his clubs, his interest is quickly piqued, and he sets out to make a play for the confident beauty. But Mariss is married, and she has no desire to lose what she loves for a one night stand with the indulgent playboy. When an attempt is made on Mariss' life, Sebastian rushes to her side. Those closest to him know that it's only a matter of time before his new infatuation causes him to crash and burn. For a man who lives on the edge, the Rules of the chase become clear at the start. If he wants to win Mariss, he will have to play on her turf. Boundaries and all. The harder Sebastian tries, the more Mariss refuses, and the harder it gets to keep his control. The Man Without Rules finds himself changing to be worthy of the one woman who has ever told him no.

The Franchise Rules

A lot of people wonder how Chinese parents raise such stereotypically successful kids. They wonder what Chinese parents do to produce so many math whizzes and music prodigies, what it's like inside the family, and whether they could do it too. Well, I can tell them, because I've done it Amy Chua's daughters, Sophia and Louisa (Lulu) were polite,

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

interesting and helpful, they had perfect school marks and exceptional musical abilities. The Chinese-parenting model certainly seemed to produce results. But what happens when you do not tolerate disobedience and are confronted by a screaming child who would sooner freeze outside in the cold than be forced to play the piano? *Battle Hymn of the Tiger Mother* is a story about a mother, two daughters, and two dogs. It was supposed to be a story of how Chinese parents are better at raising kids than Western ones. But instead, it's about a bitter clash of cultures, a fleeting taste of glory, and how you can be humbled by a thirteen-year-old. Witty, entertaining and provocative, this is a unique and important book that will transform your perspective of parenting forever.

Knowing What It Takes

A second helping of humorous poetry by Robert E. Wilson, illustrated by Kathryn Bannister. Whether it's the tale of two farmers quarrelling over their sheep, two elderly ladies with their own motoring rules, a fellow who's invented an imaginary ailment so he can down a wee pint or even an ancient magician on a Belfast bus, these ballads should produce a smile or two (and are all family friendly!) If anything, this collection's even barmier than the first!

The Big Book of Boy Stuff

Warren Buffet's Top Rules for Success

A guide to raising children covers the principles of adapting a parenting style to match a particular child's needs, establishing a structure and limits, and promoting such

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

qualities as honesty, kindness, and independence.

English Grammar

The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in *The Anarchist's Guide to Grammar*: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

Robert's Rules of Order

In this encouraging book, Sheri McGregor helps parents of estranged adult children break free from emotional pain and move forward in their lives. With the latest research, her own experience, and insight from more than 9,000 parents, McGregor covers the growing trend of estranged adults from loving families. Devastated parents can be happy again.

The Happiest Kids in the World

Decades of research have demonstrated that the parent-child dyad and the environment of the family—which includes all primary caregivers—are at the foundation of children's well-being and healthy development. From birth, children are learning and rely on parents and the other caregivers in their lives to protect and care for them. The impact of parents may never be greater than during the earliest years of life, when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment. Parents help children build and refine their knowledge and skills, charting a trajectory for their health and well-being during childhood and beyond. The experience

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

of parenting also impacts parents themselves. For instance, parenting can enrich and give focus to parents' lives; generate stress or calm; and create any number of emotions, including feelings of happiness, sadness, fulfillment, and anger. Parenting of young children today takes place in the context of significant ongoing developments. These include: a rapidly growing body of science on early childhood, increases in funding for programs and services for families, changing demographics of the U.S. population, and greater diversity of family structure. Additionally, parenting is increasingly being shaped by technology and increased access to information about parenting. Parenting Matters identifies parenting knowledge, attitudes, and practices associated with positive developmental outcomes in children ages 0-8; universal/preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge, attitudes, and practices; and barriers to and facilitators for parents' use of practices that lead to healthy child outcomes as well as their participation in effective programs and services. This report makes recommendations directed at an array of stakeholders, for promoting the wide-scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice. It is meant to serve as a roadmap for the future of parenting policy, research, and practice in the United States.

The Witches' Dream Book; and Fortune Teller

reduce risks and enable practical choices.

Done With The Crying

Growing churches today are utilizing multisite and church planting strategies to reproduce themselves for greater outreach and impact. But where? That is the purpose of this book. This book is not intended to address the why of these missional approaches or even the how. This book is a tool and guide to the where. Where should we meet? What kind of facilities are usable for churches? What are the implications of the various options? Tomberlin and Cool reveal the keys to using location as a way to reproduce and increase impact. Locality is all about the convergence of location and facility. The where of a church matters. This book explains the new rules for multisite churches and church plants. Additional contributors to this book include Ed Stetzer, Brad Leeper, and Rich Birch.

Kangaroo Mother Care

One of our finest writers on one of her greatest loves. Jamaica Kincaid's first garden in Vermont was a plot in the middle of her front lawn. There, to the consternation of more experienced friends, she planted only seeds of the flowers she liked best. In *My Garden* (Book) she gathers all she loves about gardening and plants, and examines it generously, passionately, and with sharp, idiosyncratic discrimination. Kincaid's affections are matched in intensity only by her dislikes. She loves spring and summer but cannot bring herself to love winter, for it hides the garden. She adores the rhododendron Jane Grant, and appreciates ordinary Blue Lake string beans, but abhors the Asiatic lily. The sources of

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

her inspiration -- seed catalogues, the gardener Gertrude Jekyll, gardens like Monet's at Giverny -- are subjected to intense scrutiny. She also examines the idea of the garden on Antigua, where she grew up. *My Garden* (Book) is an intimate, playful, and penetrating book on gardens, the plants that fill them, and the persons who tend them.

Mythic Skills

"Thiru V.P. Kannan has brought out a nice manual covering all the aspects of grammar in a comprehensive manner with copious examples and adequate exercises. This book will be of immense help to the students deliberately made very simple to enhance the grasping of rural students" Dr. V. IRAI ANBU, I.A.S. "How we say something can be as important as what we say Ungrammatical communications lack clarity The book is indeed comprehensive Students will find English Grammar (Simple, Practical yet Comprehensive) very helpful as they work to improve their skill in English grammar. Dr. Carl Perrin, Ph. D., Lakewood, NJ, USA "Unlike the conventional books, the book is well structured with units, wholesome by themselves and arranged in a logical sequence a boon not only to students but also to learners of English language at all levels as the book is planned and designed in the most practical and natural way." Dr. S. SHANMUGIAH, M.A., Ph.D. Registrar, Tamil Nadu Open University, Chennai "I appreciate his (author's) initiative in working out a scheme of learning English that is interesting and easy to pursue it enables the learner to move from the basic to the advanced and achieve mastery by correct and consistent practice I commend the book to every teacher and learner." Prof. R. RAJA GOVINDASAMY, M.A., M.A. (USA) Principal, Thiagarajar College, Madurai "Each topic is dealt

The Man Without Rules

There's this boy. Let's say he's somewhere between nine and thirteen years old or so. You'd like to see this kid get creative. You'd like to see him get some exercise. You'd like to see him get out from in front of the television. And you'd love for him to be motivated enough to find some stuff to do on his own. This boy NEEDS *The Big Book of Boy Stuff!* What do I do if I get a bean stuck up my nose? How can I make lightning without killing myself? Where can I find new practical jokes to play on my friends and family? How can I make a rocket? What is the best way to poop outside? How do I tell a girl I like her? Why would I tell a girl I like her? How many mosquitoes does it take to suck all the blood out of a person? What's that smell? . . . and many, many more! This big, thick, durable book includes fascinating chapters on gross stuff, magic, emergencies, fireworks, games, experiments, jokes, activities, insults, pets, flying things, and, of course, duct tape. No boyhood is complete without a copy!

A Mother's Rule of Life

The It Girl Rules: Get Hired & Stay Hired reveals the keys to success for women who aspire to enter and ascend through the ranks of Corporate America. In this book, readers will discover an invaluable roadmap for the shortest path between "Hello" and "You're Hired" as well as effective strategies for job hunting, networking, positioning yourself for promotion, handling a bad manager, transitioning between jobs, and much more!

The Last Navigator

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

The ancient history of whales is rich with ancestral tales of superior wisdom, prehistoric tradition, and unending love. During the cold seasons, the pods would gather around the Pacific islands where the elders would perform this history for the young. Through haunting songs and fluid dances, stories were told of the valor of warriors, the triumph of great chiefs, and the celestial songs of a mythical tribe of whales called the Navigators. According to tradition, females are prohibited from becoming Navigators but Lani, a young, vivacious female whale, is curious to learn more. Against the will of her elders, she attempts to satisfy her inquisitive mind by seeking out a mysterious old whale rumored to have a connection with the Navigators. What she learns is more than she bargained for. Lani leaves behind her friends, her family, and her duties as a female and sets out on a quest for knowledge and truth. On her journey through the deep blue waters of the Pacific Ocean, she discovers her destiny and changes the history of whales forevermore. A story of strength, self-discovery, love, and legacy, *The Last Navigator* resonates with anyone who has ever desired to know more or become more in life. It speaks to the hearts of young and old, inspiring us to follow our dreams.

The Anarchist's Guide to Grammar

A Spectacular Enhancement to the Skill System Mythic Skills introduces a system of skill exploits that take the basic tasks your skills allow you to perform and dials them up to amazing levels. In addition, every skill in the Pathfinder Roleplaying Game Core Rulebook also gets brand-new skill exploits, as well as greater exploits that only the most skilled masters would even attempt. This book contains rules for using these enhanced skills with mythic characters but also provides an

Free Reading My Mothers Rules A Practical Guide To Becoming An Emotional Genius

alternative system for use in non-mythic Pathfinder campaigns! This system allows your characters to focus on their skills as a key part of their character construction and to invest more of their character's abilities in their character itself, rather than the character's gear or magical tools. You can use these rules generally with mythic characters, allowing them to attempt all manner of skill-based exploits, or you can limit the ability to pull off these amazing skill stunts to those mythic characters that have really invested in making their skills a key part of their character's identity. The mythic rules offer an opportunity to magnify what makes a character special, and the skills they choose to hone as part of their background narrative and throughout the course of the campaign should be just as important in defining them as their marvelous magic and fabulous feats. With Mythic Skills in your hands, your skills will be just as spectacular!"

Cathodoluminescence and Photoluminescence

The Definitive Guide to Breastfeeding Your Baby
Breastfeeding may be natural, but it may also be more challenging than you expect. Some mothers encounter doubts and difficulties, from struggling with the first few feedings to finding a gentle and loving way to comfortably wean from the breast. This second edition of *Breastfeeding Made Simple* is an essential guide to breastfeeding that every new and expectant mom should own—a comprehensive resource that takes the mystery out of basic breastfeeding dynamics. Understanding the seven natural laws of breastfeeding will help you avoid and overcome challenges such as low milk production, breast refusal, weaning difficulties, and every other obstacle that can keep you from enjoying breastfeeding your baby. *Breastfeeding Made*
