AIGA Standards of professional practice

A professional designer adheres to principles of integrity that demonstrate respect for the profession, for colleagues, for clients, for audiences or consumers, and for society as a whole. These standards define the expectations of a professional designer and represent the distinction of an AIGA member in the practice of design.

Before joining the University in 2004, Lynne studied for a BA (Hons) Design and gained professional experience in Interior Design Practice, working internationally in the retail and leisure sector. She has been course leader of BA (Hons) Interior Architecture and Design since 2009, and a Principal Lecturer in the School of Architecture since 2011.

Professional practice - Designing Buildings Wiki

Interior Design. Interior design is the practice of space planning and designing interior spaces in homes and buildings. It involves creating floor plans, furniture layouts, and designing the look and feel of a space. Interior design also includes the specification of furniture, fixtures, and finishes, and coordinating their installation.
