Amazon.com: Customer reviews: Pusheen: A Cross-Stitch Kit

Great little kit includes everything you need to create 3 cross stitched Pusheen. The threads are really good, no breakage, and the hoop is extremely useful in keeping the pattern taught. This is my first cross stitch, and you definitely need good eyesight and light to do this, it's tricky to see some of the holes once the design begins filling up.

This is a great little kit. It totally got me back into cross-stitching! I seriously hadn't done it in years! The squares are a little small, but I got used to it as I went along. It comes with everything you need to do three cute Pusheen cross-stitches. I hope they make more cross-stitch kits in the future.
