By the time of his death, on March 28, 1969, at the age of 78, Eisenhower had been largely forgotten by the press. Obituaries summed him up as a worthy man whose greatest role had been played on the European stage in the Second World War and whose presidency was a postscript to a life of noble military achievement.

## World in the 1950s: Library Edition

The Age of Eisenhower is the definitive account of this presidency, drawing extensively on declassified material from the Eisenhower Library, the CIA and Defense Department, and troves of unpublished documents. In his masterful account, Hitchcock shows how Ike shaped modern America, and he astutely assesses Eisenhower's close confidants, from Attorney General Brownell to Secretary of State
