The History of Landscape Design. April 7, 2017 February 27, 2017 ~ prolineheritage. Evolution of Landscape Design . Landscape design is one part science and two parts art form. Landscape architects and contractors fully understand that their mission is to create an appealing exterior for clients to enjoy while outside, and to admire when inside. Eye-catching features and flowing harmony should

How has the English landscape garden developed? | National

When Olmsted, the pioneering American landscape architect, laid out the Chicago suburb of Riverside in 1869, open, monotonous lawns linked the homes of the community together into something that smacked of collectivism. But an opposing dynamic was also at work. In 1830 Edwin Budding had invented a gadget for mowing lawns.
