historical, practical, and theoretical insights into one of the most effective urban planning methodologies developed in the 20th Century. The Transect is a unifying theory, serving as a framework

Transect Urbanism: Readings in Human Ecology: Amazon.it

The Transect connects nature to the most intense human places along a continuous gradient—hence the subtitle, *Readings in Human Ecology*. Duany believes that the Transect will overtake the theories that produce sprawl, because urbanism performs better. The current dominant theory does not process authentic urbanism.
